

TENSIONED PROFESSIONAL ELECTROL®

Da-Lite's Largest Enclosed Electric Screen

- Same great features as our Professional Electrol® except the screen is tensioned for an extra flat surface for optimum image quality when using video or data projection.
- Tab guide cable system maintains even lateral tension to hold surface flat while custom slat bar with added weight maintains vertical tension.

For optional remote control operation, see options on pages 50-54.

All fabrics will be seamless.
