16 MP **5x** **2.7"**
Wide Angle Optical Zoom LCD

FUJIFILM's FinePix XP70 is the perfect camera companionindoors and out!

With its 4 way proof, it will thrive in watery environments, take a hit or two, freeze your memories in time without freezing up all while keeping its internal components safe in its tough enclosed body!

Original "one touch" wireless transfer to your smartphone or PC lets you share high image quality on the spot.

Burst mode button makes sure you capture the action.

Characterized by high-speed processing, the CMOS sensor empowers continuous shooting at up to 10 frames/sec. (max. 10 frames) or ultra-high-speed bursts at a maximum 60 frames/sec. (max. 70 frames*). A dedicated "Burst mode button" lets you instantly switch into continuous shooting mode, making it easy to capture exactly the moment or expression that you're shooting for.

*16:9 S size only.

Burst Mode Button

Bright and Clear LCD with an Anti-Reflective Coating.

The bright, clear LCD monitor is treated with anti-reflective coating to ensure excellent visibility, even in bright sunlight. LCD monitor brightness is automatically adjusted in response to lighting conditions to maintain optimal visibility and prevent unnecessary battery drain.

FinePix XP70

Conventional digital camera

New Action camera mode that allows you to shoot action packed movies!

"Action camera" mode is perfect for recording footage whilst enjoying outdoor sports. Movies can be recorded whilst your hands are full by fixing the camera to your body or sports equipment. What's more when using the 18mm** wide-angle lens converter (Action Camera Lens***), extra dynamic footage can also be captured. In "action camera" mode, the LCD monitor automatically turns off when you start to shoot movies, thereby supporting energy-saving shooting.

**35mm format equivalent.

***Sold separately.
