

# Poly G7500 Video Conferencing System with EagleEyeIV 12x and IR Remote Kit No Radio GSA/TAA (842T4AA)

## Customize rooms with confidence

Outfit conference rooms to meet your organization's unique needs. The Poly G7500 video conferencing system offers quality audio and video, plus it's flexible and customizable for any room space.

### Create your ideal space

This modular video conferencing system makes it easy to outfit conference rooms to meet your organization's unique needs. Loaded with flexible features, the Poly G7500 bundle leverages your design to power your meetings and wow your teams [1].

### A flexible room solution

An easy to deploy solution for your modular meeting spaces. Seamlessly connects to Poly cameras and microphones for enhanced audio and video. And includes a robust set of REST APIs so you can easily integrate with other room components.

## Featuring

### Supports quality audio

Ensures voice clarity for any room type by supporting audio-conferencing processors like QSC, Shure, and Biamp over USB.

### Built-in apps

Quickly launch video calls with built-in apps that provide a native full-featured experience — no PC required.

### Seamless connections

Delivers an easily accessible modular room solution by seamlessly connecting to cameras, microphones, and other 3rd party components.

### Remote control

The Poly IR Remote Control and Receiver offers a powerful, intuitive way to control your video calls without relying on Bluetooth® or WiFi. Enjoy no-hassle operation: easy to use and simple to set up. [1]

### Hi-performance HD video camera

12x optical zoom camera includes a digital sensor to capture incredible detail for more natural communication. With a wide field of view, it's flexible enough to use in any room environment, from a small huddle room to a large boardroom.
