

Featuring MAXCases patented slide-on top design, the Extreme Shell-F4 Case delivers outstanding protection in a sleek, updated design. Streamlined edges and subtle corner bump-outs reduced carrying weight without sacrificing protection, while the patented slide design disperses pressure evenly around the top perimeter, for a snug fit that adds protection by eliminating pressure hotspots around the screen. Crafted with tough TPU for outstanding impact protection, the Extreme Shell-F4 meets the MIL-STD 810G-516.6 drop test for four-foot drops, while also protecting against dirt, dust and oil. The clear, rigid top and bottom panels prevent exterior damage and provide visibility to asset tags. The custom fit ensures easy access to all buttons and ports.

Extreme Shell-F4 Slide-On Case

Slim aesthetic with durable, patented protection

Extreme Shell-F4 Slide-On Case

Slim aesthetic with durable, patented protection

KEY FEATURES

- Streamlined design is custom fit for each device model
- Patented slide-on top panel adds screen protection by evenly dispersing pressure around the perimeter of the screen
- Durable TPU bumpers deliver outstanding impact and drop protection
- Streamlined corner enhancements add protection for these vulnerable areas
- Clear top and bottom panels resist scratches and impact damage and provide visibility to asset tags
- Grippy, traction-enhancing feet resist sliding for added stability
- Refined surfaces are smooth and easy to wipe down
- Slide design enables fast, easy installation
- Meets MIL-STD-810H test for 26 drops from four feet
- Perfect-fit ballistic-glass screen protectors and keyboard protectors available for most devices, minimum quantities apply
- Custom colors, logos and MAXProtec antibacterial upgrade available with minimum quantity of 500 (additional fees apply)

CUSTOM FIT DESIGN FOR THESE DEVICES:

LNESF314M Lenovo 14M Chromebook 14"
(Part# 14M8911)

Note: We're continually innovating. For complete device list see: www.maxcases.com/c/Extreme-Shell-F

Easy to install slide-on top prevents pressure points on the screen

Grippy, slip-resistant feet add stability for comfortable typing and fall prevention
