** BALANCED MAXIMUM LOAD CAPACITY for all Extension Columns for Multi-Display Mounts: 800 lb (363 kg)

- * Shipping weight based on single unit shipment.

 Per unit shipping weight may be less for bulk orders.
- ** Balanced Maximum Load Capacity includes the combined weight of the Multi-Display Carousel or Dual Jumbo Mount (page 2) and all equipment (TVs and VCRs). All TVs and VCRs must be of the same model for proper balance/stability.

Architects specifications:

The extension column shall be a Peerless model ADD_____. It shall offer a ____ inch range of height adjustment at 1" increments. It shall be constructed of steel tubing and finished in scratch resistant black fused epoxy. It shall be UL Listed. Assembly and installation shall be done according to the instructions provided by the manufacturer.

Protected by U.S. Patent no. 5127617 and 5487524. International patents pending.
