

IBA4-W

Easy Mount Recessed Low Voltage Cable Plate

Peerless' Easy Mount Recessed Low Voltage Cable Plate provides an innovative, simple solution for installing low voltage component cables such as HDMI or RCA behind your flat panel display, your amplifier or other audio and video devices. The ingenious "mounting wings" eliminate the need for installing a low voltage mounting bracket; they're molded directly to the Easy Mount wall plate and fasten tightly against the back of the drywall. The standard Easy Mount Cable Plate has the capacity of a double gang plate in a single gang profile, and can be installed vertically or horizontally. This powerful yet elegant solution provides maximum beauty, incredible strength and easy installation.

FEATURES

- Low-profile design allows for fit behind the thinnest mounts and flat panels
- Component cables routed inside the wall
- Sleek design makes outside cable covers unnecessary
- Wing design eliminates the need for low voltage mounting brackets
- Installation template included

■ **FAST AND EASY INSTALLATION**
Measure, mark, cut, then tighten the support screws and you are done!

■ **CLEAN INSTALLATION**
Routing low voltage cables inside the wall reduces clutter and eliminates need for external cable covers

Wing design makes low voltage mounting brackets unnecessary
