

## Safe-IT UL 2930 Medical-Grade Power Strip for Patient Care Vicinity, 6 Hospital-Grade Outlets, Safety Covers, Antimicrobial, 15 ft. Cord

MODEL NUMBER: PS-615-HGDG

Delivers power to movable plug-connected equipment attached to IV poles, crash carts and mobile medical workstations in patient care vicinities.

### Features

#### UL 2930 Medical-Grade Power Strip Approved for Patient Care Vicinities

The PS-615-HGDG features six NEMA 5-15R-HG "green dot" hospital-grade outlets that supply power to medical equipment used inside patient care vicinities, including operating rooms, therapy rooms and imaging environments. It meets UL 2930 standards with a NEMA 5-15P-HG plug that provides redundant ground connection. The innovative input plug eliminates the need for an additional ground wire, which reduces cable clutter, the risk of tripping and potential shock risk to a patient in the event of a ground fault.

#### Antimicrobial Protection Helps Provide a Safer, Cleaner and Healthier Work Environment

The Safe-IT™ power strip is protected by an antimicrobial coating that helps resist the growth of bacteria, viruses, fungi, mold and mildew.

#### Premium Safety Features Help Ensure Proper Power Connections

With no central power switch, this power strip presents no danger of accidental shutoff and cutting off power to essential devices. Resettable 15-amp circuit breakers protect connected equipment against overloads. Locking plastic safety covers are included to block access to unused outlets.

#### Ready for Installation in Demanding Medical Environments

The 15-foot cord gives you some leeway in positioning the power strip away from a standard NEMA 5-15R duplex wall outlet. Built-in mounting flanges and integrated keyhole slots let you mount the all-metal housing to benches, stands, mobile carts, IV poles or other areas containing multiple cord-and-plug-connected medical electrical equipment used in patient care vicinities.

### Highlights

- Medical-grade power strip approved for use inside and outside patient care vicinities
- Meets UL 2930 and NFPA 99 standards for enhancing patient, staff and visitor safety
- Input plug with dual ground connection eliminates need for extra ground wire
- 15 ft. power cord allows flexibility in placing power strip away from wall outlet
- Antimicrobial protection helps resist the growth of bacteria, viruses, fungi, mold and mildew

### Package Includes

- PS-615-HGDG UL 2930 Medical-Grade Power Strip, 6 Outlets, 15 ft. Cord
- (6) Outlet safety covers
- Owner's manual

## Specifications

| OVERVIEW |              |
|----------|--------------|
| UPC Code | 037332261687 |

| <b>INPUT</b>                                      |   |
|---|---|
| Nominal Input Voltage(s) Supported                | 120V AC   |
| Recommended Electrical Service                    | 15A, 120V   |
| Input Plug Features                               | Hospital Grade Plug   |
| Input Cord Gauge Type                             | 10 gauge; 12 gauge; SJT   |
| Voltage Compatibility (VAC)                       | 120   |
| Input Plug Type                                   | NEMA 5-15P-HG   |
| Input Plug Type Details                           | Redundant (double) ground connection  |
| Input Cord Length (ft.)                           | 15  |
| Right-Angle Plug                                  | No  |
| Input Cord Length (m)                             | 4.57  |
| Integrated Cord Clip                              | No  |
| <b>OUTPUT</b>                                     |   |
| Frequency Compatibility                           | 50 / 60 Hz  |
| Output (Watts)                                    | 1800  |
| Output Receptacles                                | (6) 5-15R-HG  |
| Circuit Breaker (amps)                            | 15  |
| Overload Protection                               | 2 x 15amp breakers (1 line, 1 neutral)                                      |
| Transformer Accommodation                         | (2) Yes   |
| Outlet Orientation                                | Single row of 6   |
| Right-Angle Outlets                               | No  |
| <b>USER INTERFACE, ALERTS &amp; CONTROLS</b>      |   |
| Switches  | No power switch   |
| <b>PHYSICAL</b>                                   |   |
| Color   | White   |
| Material of Construction                          | Metal   |
| Power Cord Color                                  | White   |
| Form Factors Supported                            | IV poles, mobile carts, crash carts and mobile medical workstations         |
| Housing Color                                     | White   |
| Included Mounting Accessories                     | Mounting tabs and flanges   |
| Mounting Holes or Slots                           | Yes   |
| Slot or Hole Mount Measurement (Center to Center) | Distance between keyhole tabs = 127mm; Distance between end tabs = 207.45mm |

|  |                           |
|--|---------------------------|
| Outlets Measurement (Center to Center) | Inner outlets = 32.5mm    |
| Receptacle Color                       | White                     |
| Shipping Dimensions (hwd / in.)        | 3.43 x 10.43 x 17.60      |
