First True 4K Camera

The MX-1 is the first true 4K document camera on the market. Along with a specially crafted lens, the MX-1 will give you the top quality image you are looking for.

USB 3.0

the MX-1 is powered via Super Speed USB 3.0. The Super Speed USB 3.0 port allows for viewing of full HD video at up to 60 fps or True 4K at up to 30 fps.

Lightweight -1.04lbs

Weighing only 1.04lbs the MX-1 is completely portable and easy to transport. Take it with you and present anywhere.

Flexible

The MX-1 is equipped in order to bend and fold in every which way, making the MX-1 the most flexible document camera in the ELMO line up. The MX-1 can fold up smaller than an envelope for easy transportation.

Ultra Slim Design

Ultra slim design for increased portability

Quick Navigation Buttons

Easy access to image rotation, freeze frame, brightness control and zoom control

Output Expansion Box

Optional output expansion box equipped with RGB and HDMI outputs
