

RECHARGEABLE POWER TOWER

Multi-User Mobile Cordless Charging & Power Center

RECHARGEABLE POWER TOWER

- Add incredibly convenient cordless rechargeable power access to your multi-user seating or table pods with the versatile and capable Rechargeable Power Tower. Nimble tower rolls easily between tables and chairs for immediate USB power access with no cords to trip over or get caught.
- Provides at-hand USB charging ports for Chromebooks, smart phones, iPads, and other mobile computing devices to multiple users. Each tower includes four USB-C and eight USB-A ports. Users no longer have to search for or share charging ports.
- The tower features a display button with a 5-stage battery charge indicator so you know when it's time to plug in and recharge. UL listed device provides overcharge and overcurrent protection. 45W max power output through USB-C (power delivery standard). Includes a 60" cable for recharging.
- Each tower comes with one battery, but has space for three. Easily expand your battery capacity by purchasing up to two extra batteries for your tower and enjoy longer times between charges.
- Durable power-coated steel body available in your choice of three colors to match any environment: platinum, black, or white. Tower is easily mobile on four dual-wheel casters (two locking).
- Patent pending.
