

THE SIGHTS & SOUNDS
OF EDUCATION

5-Person Performer Plus Learning Center

Model 2455PLC-03

The 2455PLC is the most flexible listening center designed for educational uses. Its built-in learning center capability makes it ideal for libraries, literacy activities, and ELL/ ELD learning applications. The variable speed playback of the Performer Plus on CDs & cassettes enables dance/music students to slow down the music so they can more readily learn new material.

1. 14 Watts RMS loud enough for groups up to 100 people and can also be used as a mini public address system. Steel grilles cover recessed speakers to avoid accidental speaker damage
2. Built-in mic records lessons/student projects and won't get lost
3. Variable speed playback on cassette / CD players ideal for library use, language learning and dance/theatre/music groups
4. CD-R/RW capability plays teacher and student created materials
5. Rugged ABS plastic casing for durability and classroom safety
6. Digital AM/FM stereo
7. Five rugged stereo headphones with volume control and noise-reducing earcups (made with ABS plastic for added durability)
8. Line input / output on rear connects with computers and other equipment for additional audio muscle to presentations
9. Six built-in headphone jacks for learning center capabilities with two 1/4" speaker jacks for connecting external speakers
10. Full function remote control (RC-2400) for flexibility, convenience
 - 3.5mm & 1/4" mic inputs for recording and public address uses
 - One year warranty for school use - unlike media players purchased from consumer electronics stores whose warranties would be voided if used in schools
